

How to Download the Latest MasterMines Data for the Goldmine Finder Software

The page “Mastermines Data” has the very latest data that you can download to your PC and use in the Goldmine Finder Software and it is located on the [Goldmine Finder Members Login Page](#)

The website address is www.goldmine-finder.com/members/

The login is the login and username that was provided to you when you bought the Goldmine Finder Software or whatever you changed the password to since.

On the opening page there is also a “Forgotten Your Password” button that you can use if you have forgotten your password (Provided you can remember your email address that is)

Here are Step By Step Instructions to Download the Updated MasterMines data

Goldmine Finder
The Easy way To Find Old Gold.

File Download

Do you want to open or save this file?

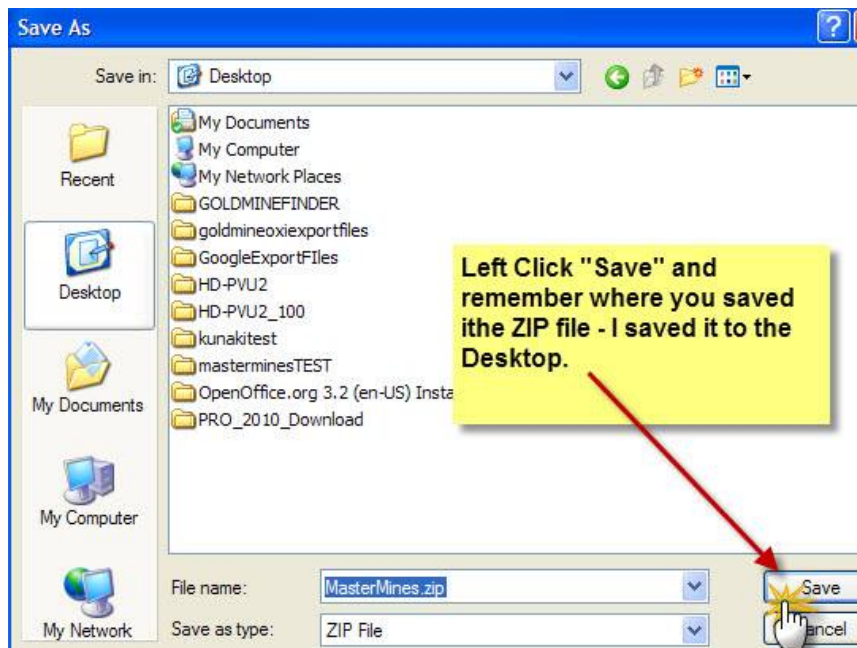

Name: MasterMines.zip
Type: ZIP File, 4.63MB
From: www.goldmine-finder.com

Open Save Cancel

Always ask before opening this type of file

While files from the Internet can be useful, some files can potentially harm your computer. If you do not trust the source, do not open or save this file. [What's the risk?](#)

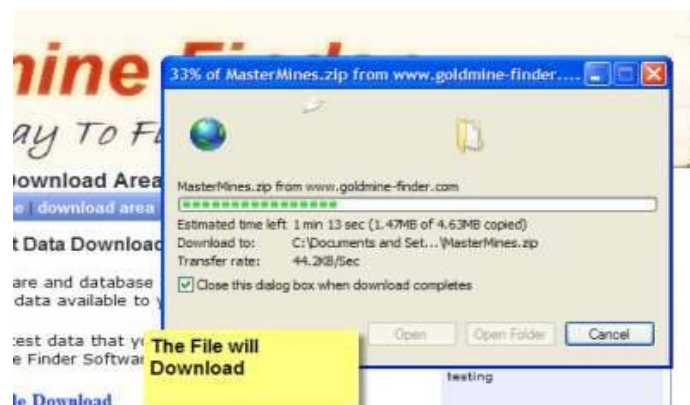

Step 3. When the "File Download" box comes up left click "Save" and Save to your desktop.

Step 4. Create a folder on your desktop to save the zip file.

You need to remember where you saved the MasterMines.zip file because you will be accessing it shortly.

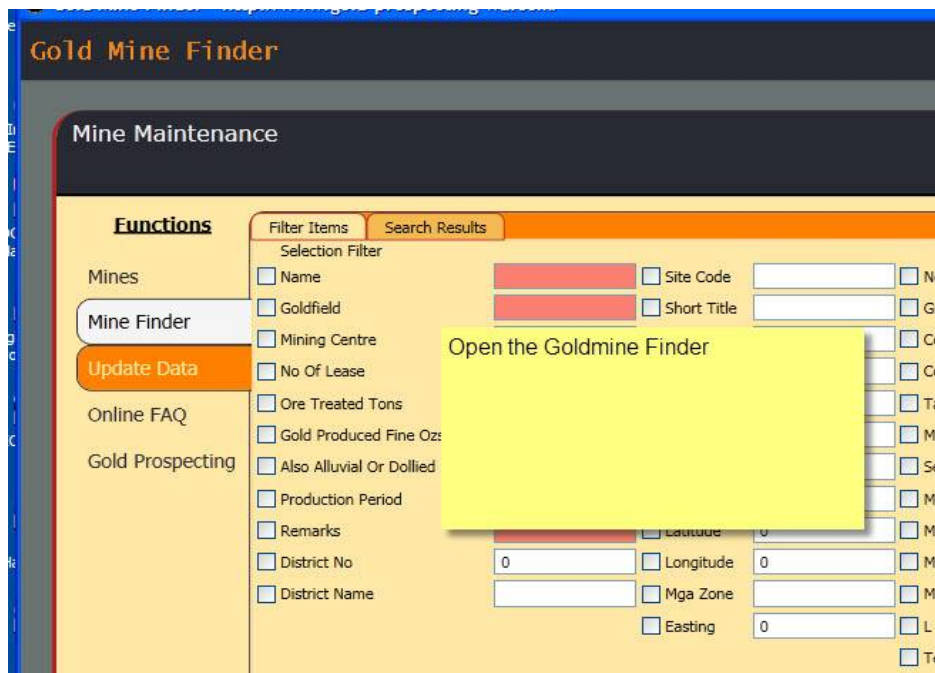

You can let your PC select the location but make sure you remember where it is.

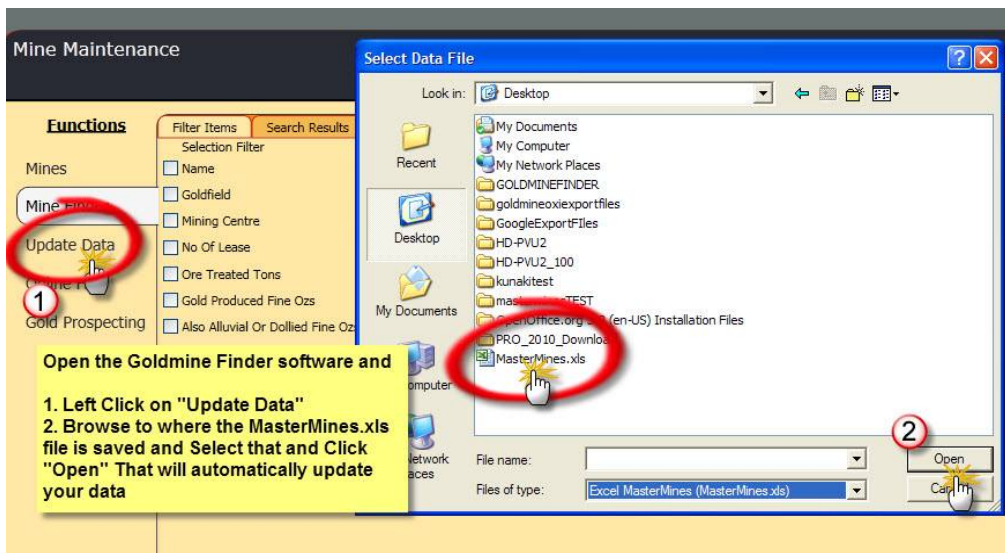

Step 5 – The zip file will download to the folder you specified

Step 6. After it has downloaded Explore to the site the Mastermines.zip file is stored on your computer and Unzip it.

Step 7. Then open your Goldmine Finder software and click "Update Data"

Step 8 – Update the Data in Your Goldmine Finder

This is the process;

- Left Click update data on the left hand side menu of the Goldmine Finder
- A “Select Data File” screen will come up, BROWSE to where you downloaded the MasterMines.zip file and UNZIPPED it to a file called Mastermine.xls
- LEFT CLICK on the MasterMines.xls file

The Goldmine Finder will then automatically upload the new data into the software.

Contact Bill or Udo at goldpro3@gold-prospecting-wa.com if you have any problems.
